Coin Master Free Spins :Do you want to know how to get UNLIMITED Free Spins in Coin Master?! You've arrived at the right place. This is a mobile game that is designed to be addictive. It combines the excitement of slot machines with the social battling of Clash of Clans to create something that you simply cannot put down; in a good way. The problem is that you frequently have to put it down if you are unwilling to pay for regular spins. That's understandable given that 30 spins cost £1.99 in the UK and \$1.99 in the US.

Fortunately for you, there are numerous ways to obtain Coin Master free spins, reducing the need for you to spend and speeding up your progress through this addictive experience. Many of them are also simple to execute, so you don't have to worry about performing

complicated maneuvers just to keep playing your favorite game. In this Coin Master post, we'll go over all of the different ways you can get a few free spins and a Coin Master bonus here and there. This will allow you to keep playing long after your daily free spins have expired, and will provide you with a way to get more without having to spend your hard-earned money on premium spins in the game's store. We also recommend reading our Coin Master free cards and Coin Master free coins guides for even more rewards, as well as our Pet Master free spins guide if you want to try out Moon Active's latest game.

How can I get Coin Master free spins? Here are some pointers to help you get more free spins in Coin Master.

### **On social media, follow coin master.**

Moon Active, Coin Master's developer, posts a list of links every day that you can use to get Coin Master free spins. If you stay on top of this, you'll be able to get a steady stream of free stuff with little effort. Coin Master can be found on Facebook and Twitter.

### **Sign up for email promotions.**

Sign up for email gifts and you can get a handful of Coin Master free spins every day by simply following a link on your phone. We haven't received any spam as a result of signing up, so it's a quick and easy way to get some tasty free spins.

### **Invite your friends.**

Each time you successfully invite a friend to Coin Master via Facebook, you will receive 40 Coin Master free spins. They don't even have to play the game; all they have to do is download it and log in with their Facebook account to get the free spins. Of course, it's in both of your best interests to play it, which brings us to our next point.

### **Request free spins as a gift.**

You can get up to 100 Coin Master free spins per day from friends, but you'll need 100 active friends who are kind enough to send you a gift every day to get there. Each gift includes a single free spin.

Unless you're extremely popular, you're unlikely to have 100 friends, let alone 100 who will agree to play a game with you. We recommend going to the official Reddit or Facebook communities to see if you can find anyone willing to play with you.

View video advertisements.

By watching a video ad, you can earn a limited number of Coin Master free spins per day. Simply scroll to the slot machine and press the spin energy button in the lower right corner. If it's not there, you've used up your free spins for the day, but if it is, simply tap on it to watch an advertisement.

## **Spin**

Surprisingly, you can get a lot of Coin Master free spins by, well, spinning. You'll get a lot of free spins if you get three spin energy symbols in a row. You can spin for a long time if you make a chain of them.

## **Improve your village's status.**

You'll get a bunch of Coin Master free spins every time you level up your village. It's not easy, though, because it costs a lot of gold to buy new buildings and improve them, and you have to buy every single one of them, including upgrades, to level up. That's already going to cost a lot of spins.

## **Take part in events**

In Coin Master, there is almost always at least one event going on, and it can absolutely shower you with free spins. Look at the top right of the screen while playing the slot machine. Any virtual buttons visible beneath the menu (displayed as three lines) are events. Tap on one to learn more about the event.

If you take advantage of these events, you will be able to get a lot more Coin Master free spins than usual.

## Wait

This may seem like an obvious suggestion, but it is worth considering. You get five free spins every hour, and you can only hold a total of 50 spins at once. That means you'll hit the maximum number of spins every ten hours, and any Coin Master free spins you earned after that will be lost.

So, set a reminder to visit Coin Master at least every ten hours to spend your spins so you can always earn more. If you're persistent, you'll end up with a large number of extra spins, so it's well worth your time.

## Coin Master free spins tips & tricks.

Don't keep your coins hidden!

You are always vulnerable to a Raid stealing a large portion of your Coins. This is why you should always spend Coins whenever you can afford to. This is especially important if you are low on

Shields or have yet to unlock the Rhino Pet!

Having a large coin stash in your pocket makes you a prime target for Big Raids. A Big Raid is a maximum bet Raid that, if successful, can end with the Raider walking away with millions of your Coins!

## Large Raids

When you have a lot of Coin Master free spins at your disposal, it can be tempting to increase your Bet amount and take advantage of the multiplied spin bonus. This is a perfectly viable method for increasing your Coin earnings. However, it is best to save your Spins for robbing extremely wealthy players.

You can see the Coin Master you've been assigned to as well as their current Coin stores above the Slots Machine. Save your bets for Coin Masters with a large number of coins. Because the amount of Coin you earn from a Raid is proportional to the amount of Coin the player has on them, using only Maximum Bets on wealthy Coin Masters gives you the opportunity to make a lot of money in a short period of time.

If you're going for Big Raids, you should always have Foxy as your active Pet equipped. On Raids, Foxy gives you another shovel to dig with, increasing your chances of obtaining a large number of Coins.

## **Purchase chests in each village.**

Individual cards do not provide bonuses, but completing a Card Collection does. You should always purchase as many Chests as you can afford when entering a new Village. Lower level Cards become more difficult to obtain as you progress through the Village levels, so the early stages are the best places to obtain the low-level Cards required to complete a Collection. There's no worse feeling than having to spend a Joker to replace the missing standard Card that you could have gotten way back when you first started playing!

## **Don't squander your pet's bonuses.**

Your Pet's boosting effect is only active for four hours after you activate it. If you can't play for four hours, you should save activating your Pet until you have a four-hour window you can dedicate to Coin Master.

Even the defensive Rhino will not defend attacks unless you specifically send him out to do so when your base is under siege.
